ABSTRACT

This directory lists information brokers, freelance librarians, independent information specialists, public and institutional libraries that offer information services, and information service companies in 29 states, the District of Columbia, and three Canadian provinces. Arranged alphabetically by state and then by broker/company name, the listings provide the address, telephone number, key individuals (if company/institution), hours of business, rates, services, areas of specializations, and--in some cases--further descriptions of specialties and past projects. A combined subject-person index is included. (JD)

HOW TO USE THIS BOOK

What You Will Find in This Directory

Information brokers, freelance librarians, independent information specialists, public and institutional libraries.

What You Will Not Find in This Directory

Data bases. If you desire access to a particular data base check listings in your geographical area or consult the index under the appropriate subject; ERIC-education, MEDLINE-medicine, etc.

Free services such as community switchboards are not listed.

About the Index

A typical listing will be indexed as follows:

FSU SEARCH
Science-Technology Division
Strozier Library
Florida State University
Tallahassee, Florida 32306

Key Individual: Lois Burdick, Jim Myers

Services: ... Medline Service to health professionals ...

Terms Indexed: FSU SEARCH, Strozier Library, Florida State University, Lois Burdick, Jim Myers, medicine.

A Word of Caution:

It is impossible to index all services especially in the case of generalists. For example, a general information broker who can provide services in all areas and is capable of answering requests about medicine will not be included in the index under "medicine". Only those services which mention medicine in their listing will be indexed under "medicine".
